

EXPECT RELIABLE INTERNET!!

Walkabout Communications for Business Connectivity

- *Scalability...connection speed options from 256k to 2 Meg*
- *Quality Equipment.... Walkabout uses industry leader Motorola™*
- *Fast...installation time of 7 days!*
- *Cost –effective...NO LOCAL LOOP CHARGES!*

Is your connection reliable?

Wireless is all the same.... right? WRONG!!! The quality of service depends on the quality of your equipment. Walkabout uses only quality equipment from industry leader Motorola™. Greatly *reducing interference while increasing throughput and distance* are what separates our equipment from that of our competitors. In other words, it just works – *all the time*.

How much does it cost?

Speeds:	256K	512K	768K	1024K	1544K
Small/Home Office	\$70	\$90	\$120	\$150	\$200
